

## EXTENDED REFERENCE LIST

Donald H. Lenschow

### BOOKS, BOOK CHAPTERS AND OTHER REVIEWED NON-JOURNAL PUBLICATIONS

*air mass*. Entry in *Yearbook of Science and Technology*, 1976, McGraw-Hill.

Pennell, W. T., D. H. Lenschow, and M. A. Lemone, 1979: Some aspects of turbulence in the atmospheric boundary layer. In *Heat Transfer Studies: A Festschrift for E. R. G. Eckert*, T. S. Irvine *et al.*, eds., Hemisphere Publishing Corporation, Washington, D. C., 165–185.

Lenschow, D. H., 1985: Instrumentation development needs for use of mass-balance technique. A chapter in *Global Tropospheric Chemistry—A Plan for Action*, sponsored by The National Research Council. pp. 141–143. I also co-authored the following chapters: Wet and Dry Removal Processes, pp. 88–93; Instrument and Platform Survey, pp. 144–167.

Edited *Probing the Atmospheric Boundary Layer*. American Meteorological Society, Boston, MA, 1986, 269 pp.

Lenschow, D. H., 1986: Aircraft Measurements in the Boundary Layer. A chapter in *Probing the Atmospheric Boundary Layer*, edited by D. H. Lenschow, American Meteorological Society, Boston, MA, 39–55.

Lenschow, D. H., and P. Silva-Dias, 1986: Surface exchange and vertical redistribution. Section 4.4 of “Tropospheric Chemistry: Processes Controlling Ozone and OH” in *Atmospheric Ozone 1985*. World Meteorological Organization Global Ozone Research and Monitoring Project Report No. 16, Volume 1, 141–147.

Co-edited (with B.B. Hicks) *Global Tropospheric Chemistry: Chemical Fluxes in the Global Atmosphere*, NCAR, P.O. Box 3000, Boulder, CO 80307, 107 pp.

Wesely, M.L., D.H. Lenschow and O.T. Denmead, 1989: Flux Measurement Techniques. *Global Tropospheric Chemistry: Chemical Fluxes in the Global Atmosphere*, edited by D.H. Lenschow and B.B. Hicks, 1989, 31–46.

Lenschow, D.H., 1995: Micrometeorological techniques for measuring biosphere-atmosphere trace gas exchange. Chapter 5 of *Biogenic Trace Gases: Measuring Emissions from Soil and Water*, edited by Pamela A. Matson and Robert C. Harriss, Blackwell Science, Cambridge, MA, 126–163.

*boundary fluxes and planetary boundary layer*. Entries in *Encyclopedia of Climate and Weather*. Simon & Schuster, 1993.

- Lenschow, D.H., 1998: Atmospheric Flows. *CRC Handbook of Fluid Dynamics*, edited by R. W. Johnson, published by CRC Press, Chapter 46, pp. 46-1 to 46-23.
- Lenschow, D.H., Boundary-layer processes and flux measurements. Chapter 10 in *Handbook of Weather, Climate and Water*, T. Potter and B. Colman, Chief Editors, McGraw-Hill, New York, 179–191.
- Kiemle, C., G. Ehret, K. J. Davis, D. H. Lenschow, and S. P. Oncley, 1998: Airborne water vapor differential absorption lidar studies of the convective boundary layer, *Buoyant Convection in Geophysical Flows*, NATO ASI Series C: Mathematical and Physical Sciences – Vol. 513, E. J. Plate, E. E. Fedorovich, D. X. Viegas, and J. C. Wyngaard, Eds., Kluwer, 207–238.
- Lenschow, D.H., 1998: Observations of clear and cloud-capped convective boundary layers and techniques for probing them. *Buoyant Convection in Geophysical Flows*, NATO ASI Series C: Mathematical and Physical Sciences – Vol. 513, E. J. Plate, E. E. Fedorovich, D. X. Viegas, and J. C. Wyngaard, Eds., Kluwer, 185–206.

## REVIEWED PUBLICATIONS

- Kung, E. C., R. A. Bryson, and D. H. Lenschow, 1964: Study of a continental surface albedo on the basis of flight measurements and structure of the earth's surface cover over North America. *Mon. Wea. Rev.*, **92**, 543–564.
