

# *Convective Storm Research in MMM: A (my) Historical Perspective*

*Morris Weisman*  
*NSF NCAR/MMM*

From the early days of cloud modeling to field campaigns such as STEPS, BAMEX, DC3, and MPEX, to community educational efforts with COMET and Universities, and most recently to explicit convective forecasting, I will offer some scientific perspective (along with some appropriate stories) from my 45 years of convective storm research here at NSF NCAR MMM.

**Thursday, 22 May 2025, 2:00PM**

**Refreshments 1:45PM**

**Please also join colleagues for refreshments and to celebrate Morris' Retirement and Emeritus Status in the Café Atrium until 5:00pm**

NCAR-Foothills Laboratory, 3450 Mitchell Lane  
FL2-1022, Large Seminar

**Seminar will also be live webcast**

**<https://sundog.ucar.edu/public/page/MMM>**

Participants may ask questions during the seminar via Slido.
