## Participant Code of Conduct

### Our Pledge

UCAR and NCAR are committed to providing a safe, productive, and welcoming environment for all participants in any conference, workshop, field project or project hosted or managed by UCAR, no matter what role they play or their background. This includes respectful treatment of everyone regardless of gender, gender identity or expression, sexual orientation, disability, physical appearance, age, body size, race, religion, national origin, ethnicity, level of experience, political affiliation, veteran status, pregnancy, genetic information, as well as any other characteristic protected under state or federal law.

All participants (and guests) are required to abide by this Code of Conduct. This Code of Conduct is adapted from the one adopted by AGU, complies with the new directive from the National Science Foundation (NSF) and applies to all UCAR related events, including those sponsored by organizations other than UCAR but held in conjunction with UCAR events, in any location throughout the world.

## Consequences

- Anyone requested to stop unacceptable behavior is expected to comply immediately.
- UCAR staff (or their designee) or security/local police may take any action deemed necessary and appropriate, including immediate removal from the event, conference, workshop, field project, facility without warning or refund.
